

Delivering what YOU want from **RESEARCH**

Annual General Meeting

20 October 2018

PARKINSON'S^{UK} CHANGE ATTITUDES. FIND A CURE. JOIN US.

Rationale:

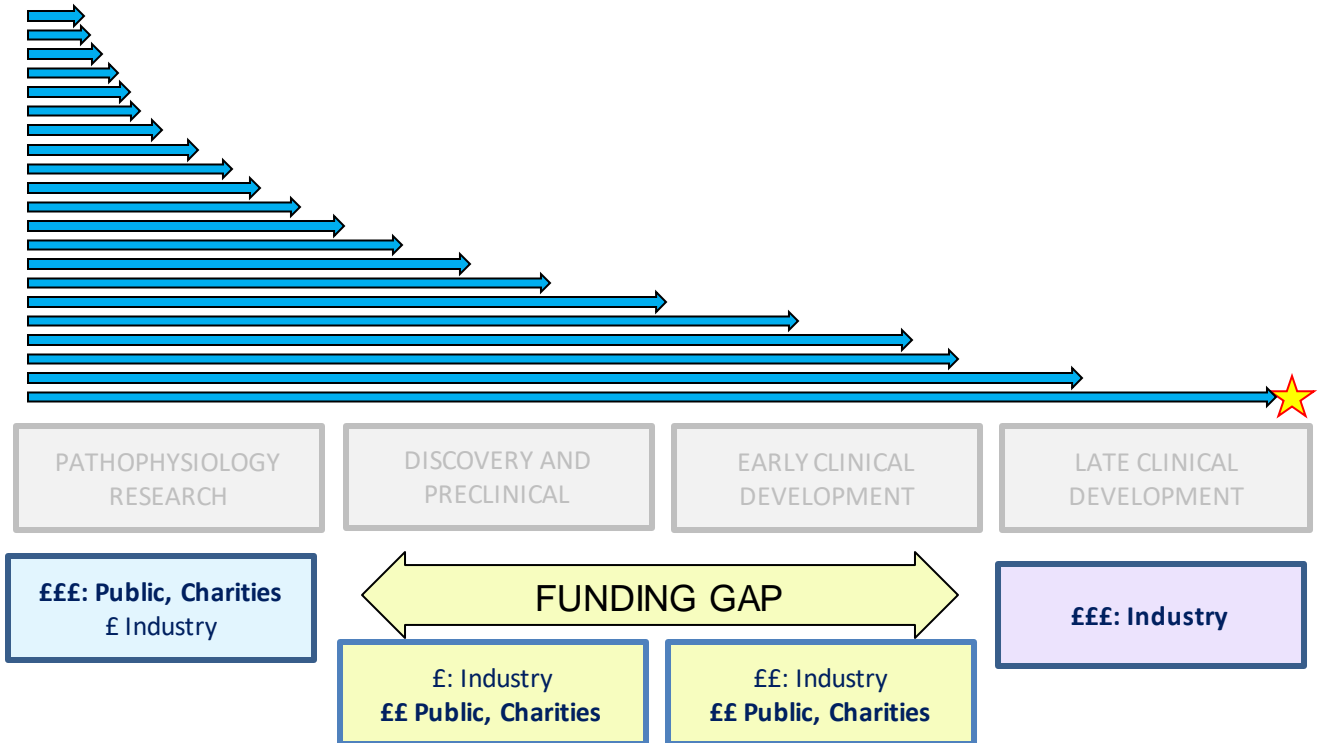

What people with Parkinson's want from Research

1. "A Cure"
 1. STOP (or dramatically slow) PROGRESSION
 2. Identify early and PREVENT
2. Better symptomatic treatments
 1. Confusion/hallucinations/psychosis/anxiety
 2. Dyskinesia and other motor complications
 3. Other non-motor (bowel and bladder, speech,...)
 4. Non-drug aids for living
3. Opportunities for PARTICIPATION in research

FASTER

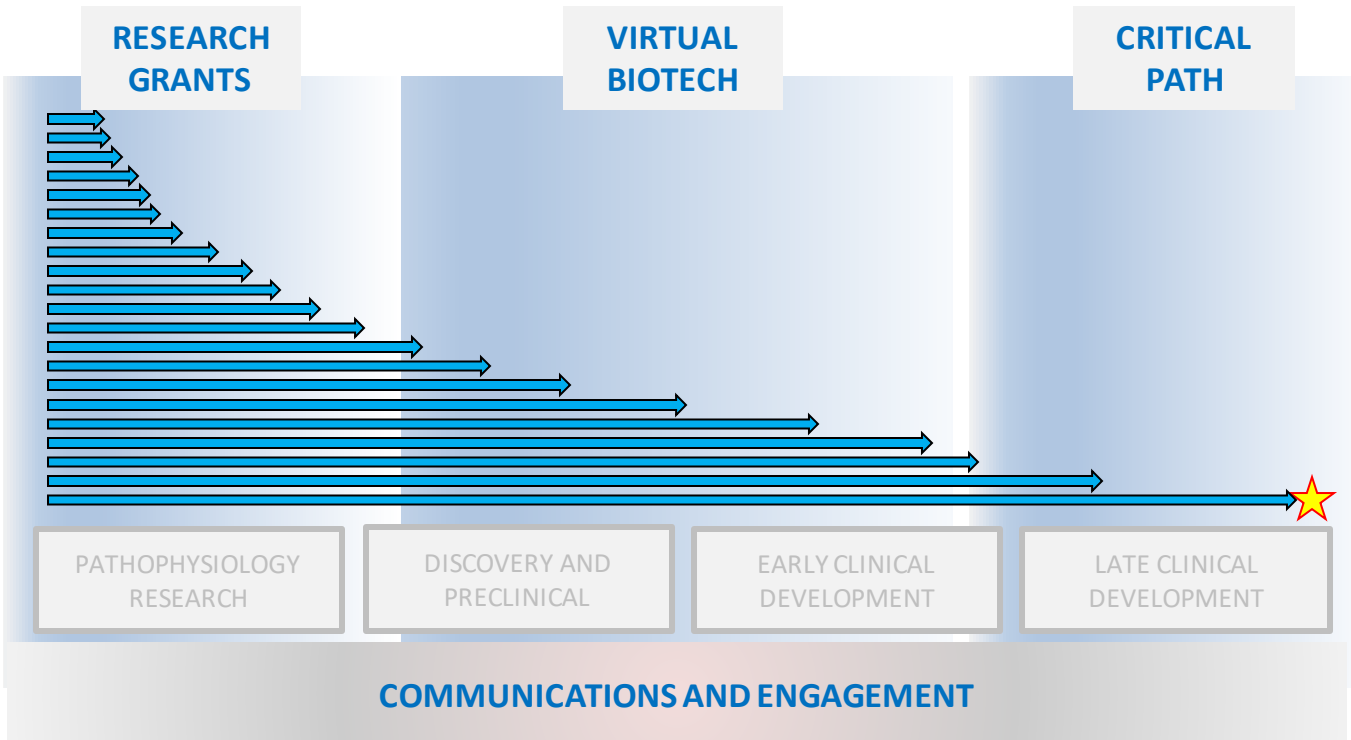

Rationale:

New Treatments Require 15-20 Years of Support

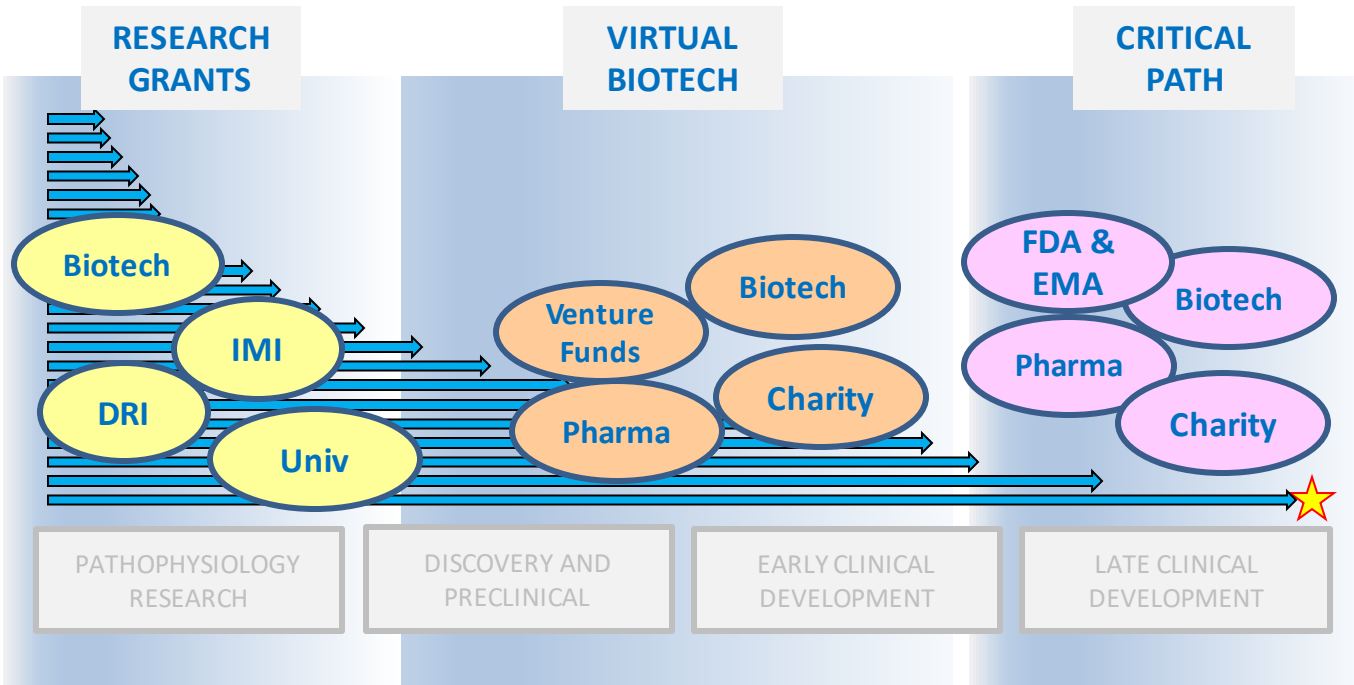

Rationale:

Strategic Role Across Stages of R&D

Rationale:

Partnerships Across Stages of R&D

University Grants

Objective: To select and support outstanding research in UK universities into the causes of Parkinson's, to enable next-generation medicines to be discovered.

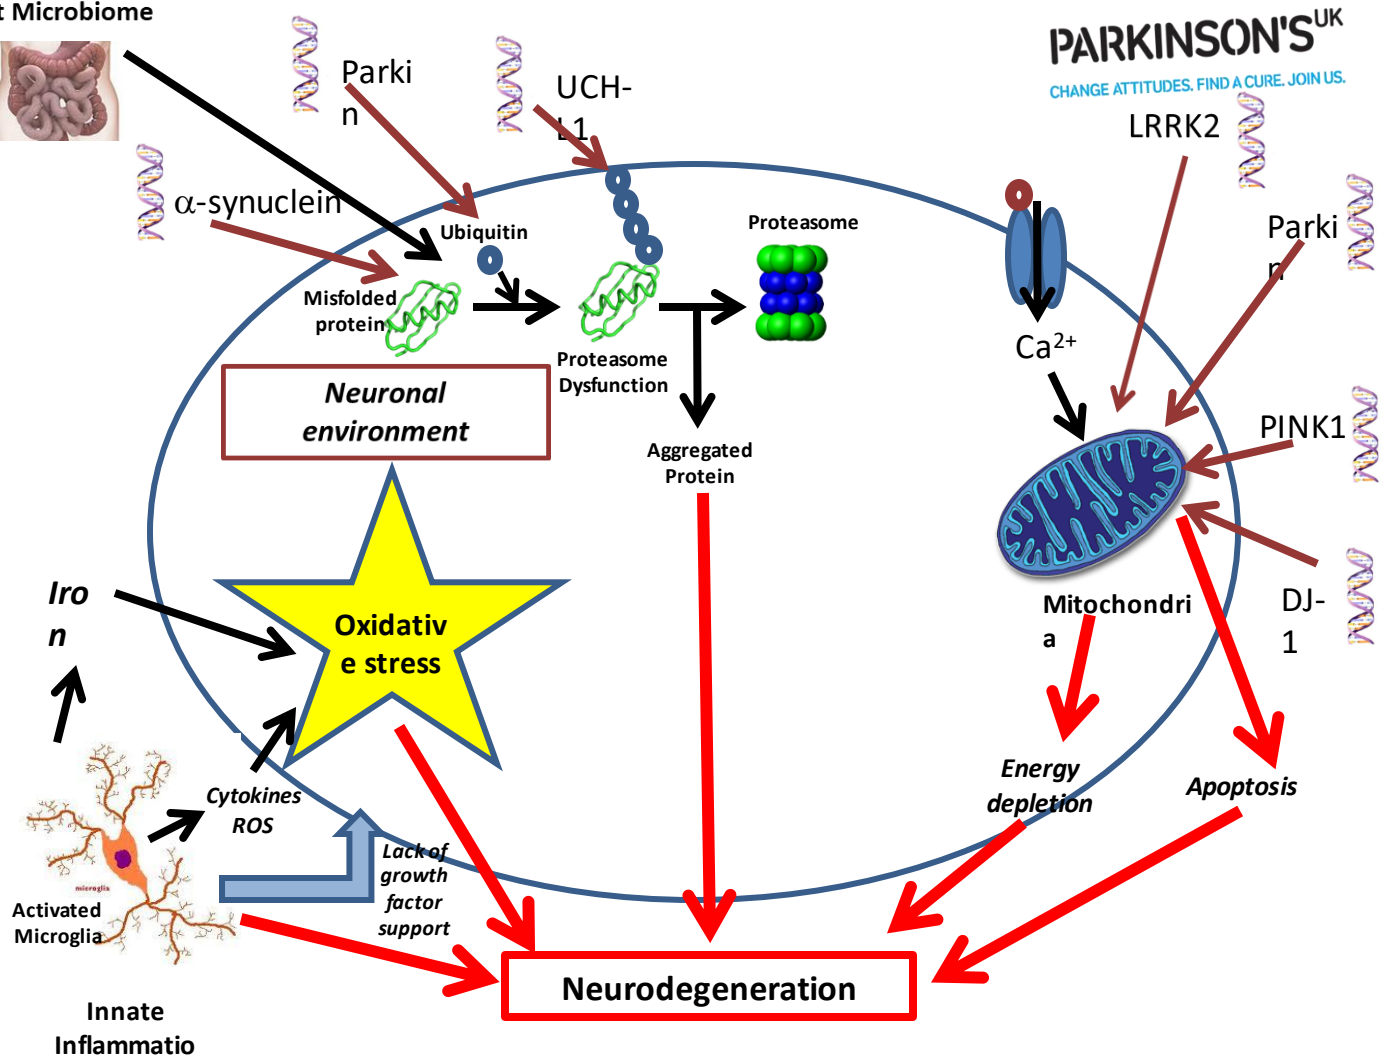

MAJOR PROGRAMMES:

1. Oxford Parkinson's Disease Centre
2. Research Project Grants
3. Fellowships
4. Small Grants

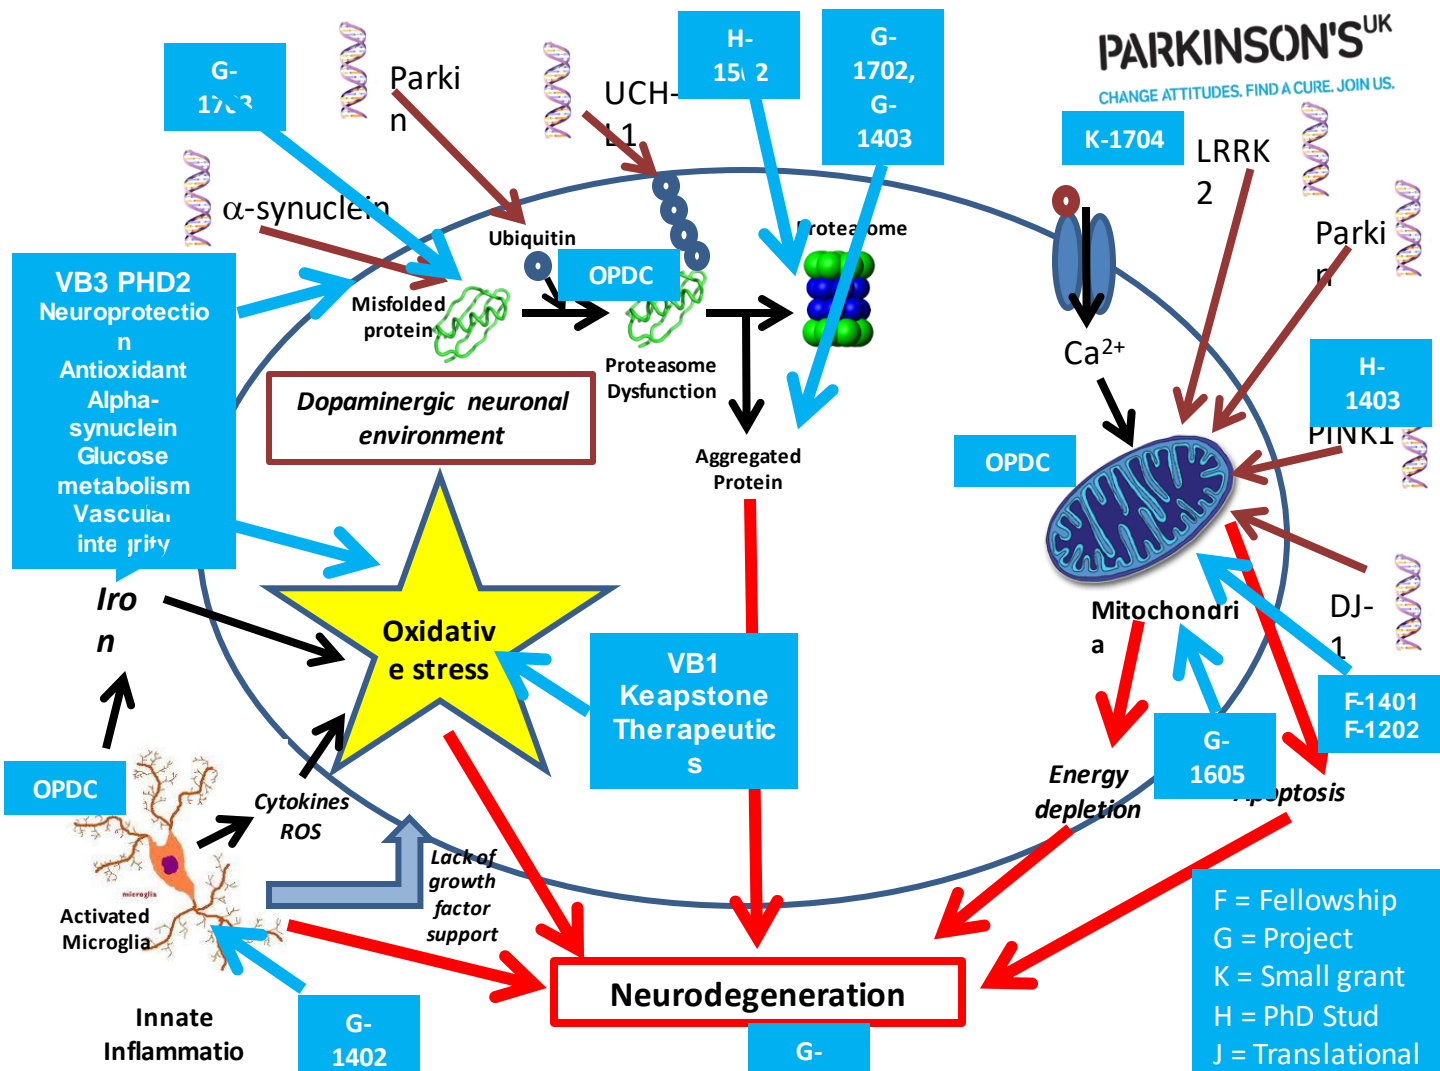

Gut Microbiome

Research

Virtual Biotech Today and
Tomorrow

PARKINSON'S^{UK} CHANGE ATTITUDES. FIND A CURE. JOIN US.

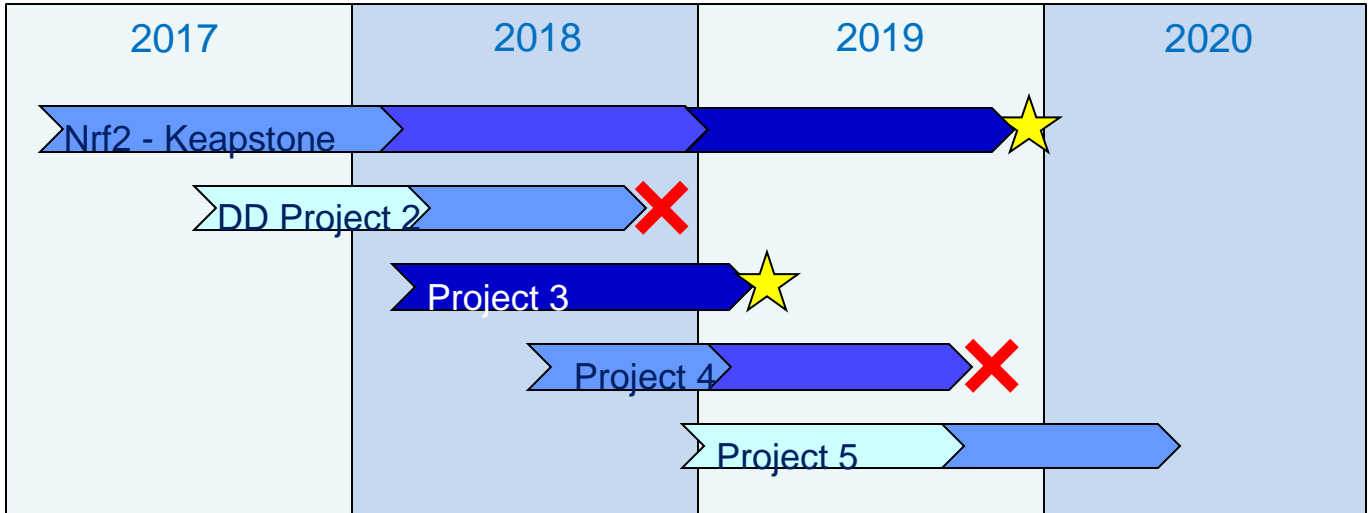

Virtual Biotech- Rationale

- Discovery and development of NEW drugs is best done by high-quality companies
- Fill the funding gap at drug discovery and early clinical stages for Parkinson's projects
- We will play role of small, evergreen venture fund

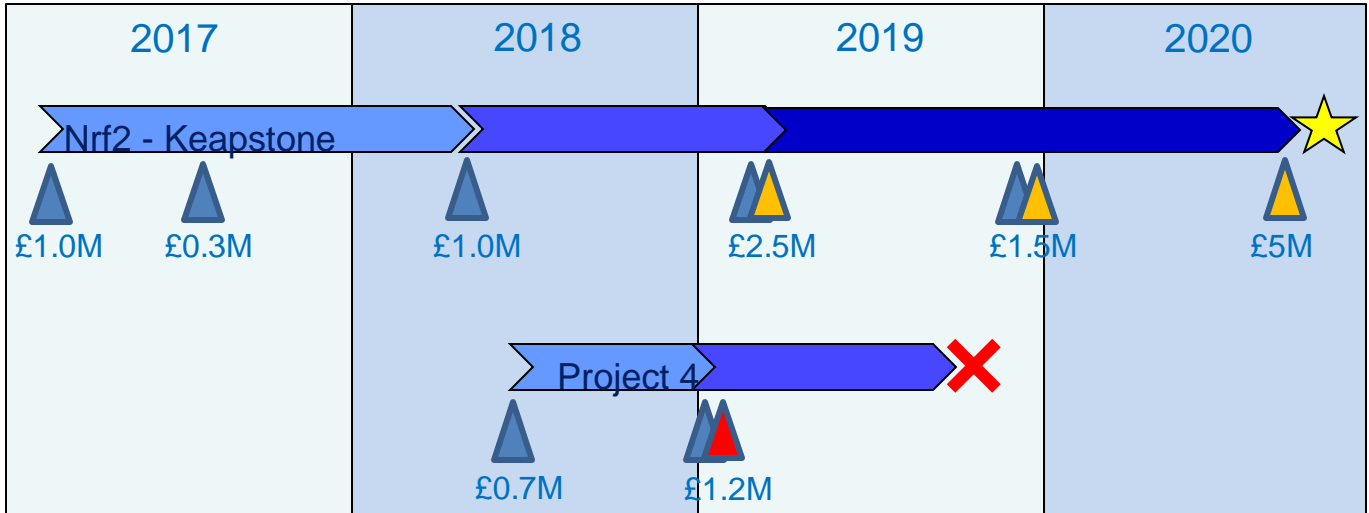

Virtual Biotech Project Portfolio:

Steady-state of 5-6 projects @ £1M/yr each

- Turnover of projects is normal and healthy – some projects SHOULD be terminated early

Virtual Biotech Project Portfolio: Possible Funding Profiles

-  Parkinson's UK Funding
-  Funding Partner A
-  Funding Partner B

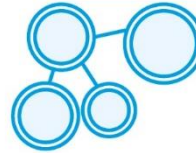

Virtual Biotech: Possible Funding Partners

- Other charities
 - Parkinson's Foundation (US); Wellcome Trust; M J Fox Foundation; LifeArc
- Biotech Venture Funds
 - Medicxi; Dementia Discovery Fund; Epidarex; Advent, etc.
- Pharma Companies
 - Biogen; Lilly; Lundbeck; UCB; Merck Sharp & Dohme

Research depends on people affected by Parkinson's

Research Support Network

Get connected

A woman with short brown hair, wearing a patterned top and tan pants, is sitting in a blue chair and smiling. She is holding a blue rectangular sign with white text.

JOIN US

Parkinson's research
needs you

Through the network, almost 5,000 people are now connected to research news, events and opportunities to get involved in research.
